§ 19.66 Application to establish experimental plants.

Any person desiring to establish an experimental plant shall make written application to the Director, through the regional director (compliance), and obtain the Director's approval of the proposed establishment. The applicant shall file with such application a bond in such form and penal sum as required by the Director. The application shall state the nature, extent, and purpose of the operations to be conducted and describe the operations and equipment, the location of the plant (including the proximity to other premises or operations subject to the provisions of 26 U.S.C. Chapter 51) and the security measures to be provided. The Director may require the submission of additional information as he deems necessary. The regional director (compliance) shall not permit operations until he has found that the plant conforms to the specifications set forth in the application, as approved, and the applicant has complied with provisions of 26 U.S.C. § 19.67 Spirits produced in industrial processes.

(a) *Applicability.* (1) Persons who produce spirits in industrial processes (including spirits produced as a by-product in connection with chemical or other processes) are distillers and are required to qualify and pay special (occupational) tax under provisions of 26 U.S.C. Chapter 51 and this part.

(2) The Director may, however, waive any provision of 26 U.S.C. Chapter 51, or of this part, with respect to the production of nonpotable chemical mixtures containing spirits, including any provision relating to qualification (except the payment of special (occupational) tax), if such mixtures are produced:

(i) For transfer to the bonded premises of a distilled spirits plant for completion of distilling; or

(ii) As a by-product which would require expensive and complex equipment for the recovery of spirits.

(3) The waiver under the provisions of paragraph (a)(2)(ii) of this section is further conditioned that such mixture would:

(i) Be destroyed on the premises where produced; or

(ii) Contain a minimum quantity of spirits practicable with the procedure employed, not be subjected to further operations solely for the purification or recovery of spirits, and be found by the Director to be as nonpotable and at least as difficult with respect to recovery as completely denatured alcohol.

(b) *Application for waiver.* (1) When the producer of nonpotable mixtures desires to secure a waiver of designated provisions of 26 U.S.C. Chapter 51, or this part, he shall file an application with the Director through the regional director (compliance).

(2) The application shall include, as applicable—

(i) Name and address of producer;

(ii) Chemical composition and source of the nonpotable mixture;

(iii) Approximate percentages of chemicals and spirits in the mixture;

(iv) Method of operation proposed;

(v) Bonded premises where the mixture will be distilled; and

(vi) Other pertinent information required by the Director.

(c) *Approval.* If the Director finds that the waiver of the requirements, or any of them, will not jeopardize the revenue and will not unduly hinder supervision of the operations, he may approve the application under such terms and conditions as he deems advisable and subject to the furnishing of any bond which he deems necessary.
